2m斜瀑1

A photograph of a waterfall in a lush, green forest. The waterfall flows down a steep, rocky slope covered in vibrant green moss. The water is clear and appears to be falling from multiple small cascades. The surrounding environment is dense with various types of trees and plants, some with large, broad leaves in the foreground.

3m滝1

A photograph of a waterfall in a lush, green forest. The waterfall flows down a steep, rocky cliff face, which is covered in moss and ferns. The water falls in three distinct drops, with the base of the waterfall surrounded by large, mossy rocks and fallen logs. The surrounding forest is dense with various trees and foliage.
